

Help! It's not grinding!

Your grinder pump is *not* a trash can!

Your grinder pump has moving parts which may stop working if you flush *personal hygiene products* or *disposable diapers or socks or rags* (or cloth of any kind) down a toilet.

If these items are introduced into the WRWSD sewer system they could result in the premature failure of your grinder pump and the need for a replacement or repairs. \$\$

WRWSD Board of Trustees Meeting – Sat., February 13, 2016

President Jim Bridges called the meeting to order at 9:30 a.m.

Roll Call: Present: Beresford, Bridges, Buskey, LaPlante, Purdin, Redick & Mgr. Cahall
Absent: Beard (ex.)

Minutes: A motion was made by Purdin and seconded by Redick to approve the minutes of the January 9th workshop meeting as read. A yea/nay vote was taken and the motion passed unanimously.

President's Report: none

Treasurer's Report (John Buskey):

- Everyone was encouraged to take a look at the WRWSD's January 2016 financial report.
- Buskey requested *a motion to approve all of the financial reports from January 31st, 2016 as distributed.* The motion was made by LaPlante and seconded by Beresford. A yea/nay voice vote was taken and the motion passed unanimously.
- The 2016 WRWSD calendar is now on the Lake Waynoka website.

Manager's Report (Paul Cahall): Cahall noted that the District does not have a lead problem of any kind in the water that it provides to its customers. However, since the concerns in Flint, Michigan have arisen, the EPA is now requiring that testing for lead be done annually rather than every three years as previously required. Cahall also recommended that homeowners, seasonal ones in particular, always 'flush' their water lines if their houses have not been occupied for any length of time. Open all faucets and allow the water to run for a few minutes to remove any 'standing' water in metal pipes.

Old Business: none

New Business: none

Motions and Resolutions: none

Board Member Concerns: none

Membership Concerns:

Tom Sewell (Lot #4015): Sewell inquired as to why his WRWSD bill continues to show zero usage. Cahall explained that once the old meter on his property is replaced, the reading will begin to show usage from the time of the installation of a new meter.

Adjournment: The motion to adjourn was then made by Purdin and seconded by Beresford. All were in favor and the meeting was adjourned at 9:37 a.m.

Respectfully submitted,

Joanne A. Coker, WRWSD Assistant Recording Secretary
