Minutes: Taylor made a motion and McDulin seconded to approve the 10/12/19 minutes as printed in the newsletter. *It was noted that an error in the newsletter be corrected as follows: Lake Waynoka Drive which is projected to cost 1.2 million dollars should be changed to 1.9 million dollars.* A ye/nay vote was taken and the motion passed unanimously as amended.

Manager's Report (Paul Cahall):

- Reminder that the Administration Office will be moving to winter hours on November 1st until March 1st. The office will be open Monday through Friday 8 am to 4 pm, closed Saturday and Sunday.
- Don't forget that we intend to lower the lake between 5 and 7 feet this year starting sometime this month so don't forget to get your boat out of the water. Mother Nature will dictate when that starts and how low we can take the lake down. The plan is to open the valve about 15 November and close it around 15 Feb. Any boats left in the lake will be removed at the owner's expense.
- The official emblem for the 50th anniversary has been chosen and you will start seeing the employee's wearing it around the first of the year. The WPOA will be offering two styles of sweatshirts and one T-shirt for sale. An order form will be available at the Office and Recreation Center. We will also include one in the newsletter and on the web site. Fill out the form and bring it along with your payment to the administration office.

- The Finance Committee has presented the proposed budget to the Board of Trustees. We expect to pass the 2020 budget in December.
- The Long Range Planning Committee will be meeting this month to make their recommendations to the board on the Capital plan for 2020. We expect this to be presented to the board in December and approved in January.
- Maintenance installed 2 new swings at the beach donated by the WaterSports Club. They continue to work at moving the dirt from the east end of the lake. It is not too late if you would like some to get it delivered just contact admin.
- Campground and beach bath house have been closed for the winter along with the rec area bathrooms.
- Mowing for the year has been completed and maintenance has gotten started on the long list of winter projects such as tree removals and dock upgrades.
- The dam and spillway were recently inspected by Buckeye Engineering, an OLCA member, and they have presented several suggestions to the board for preventative maintenance actions to be completed over the next couple of years.

Other Committee Reports:

Building (Pete Levermore): A number of variances were requested, primarily for shoreline dig outs for boat docks, and one for the height of a proposed detached garage. They will be discussed/reviewed by the Board at the November WPOA meeting. Below is a breakdown of the permits.

2019 Building Permit Status

Election Inspectors/Nominating (Margi Borgman/Dave Patton/Nan McHugh): WPOA and WRWSD Trustee ballots were mailed on October 24th. Thank you to the many people who volunteered their time to assemble all the information. Ballots MUST be received by 4pm in the WPOA Office on December 2nd whether mailed or dropped off. Some residents received an unsigned mailing a few days after the ballots were mailed. The Election Inspectors were troubled by this mailing because in the return stamp area stated Lake Waynoka Election Information. A disclaimer was posted immediately on the Lake Waynoka website and Facebook stating that this did not come from the Election Inspectors or the Nominating Chair. *Trustee Taylor called the mailing gutter politics. Two other mailings have been received by property owners. The Board was elected by voters and this group talks about transparency of the Board yet are not transparent of who they are. Our community doesn't need these type of special interest groups. It is distasteful. Community unity will never happen if these groups keep fracturing progress that is made. Trustee Robinson voiced his concern. He received a letter in the mail also. He states part of it is true and part of it is BS. He advocates for names being put in the mailing so we can argue the fact.*

Lake Advisory (Michael LaPlante): Our Committee has conducted an inspection of public docks and lake access area. We will submit recommendations for lake maintenance personnel's attention over the winter. If you see areas that need work – please let our committee know. Second Notice: Property owners and landscapers are reminded to NOT blow leaves/grass clippings into the lake. Mother Nature puts enough debris in our lake. However, adding to her deposit by blowing leaves into the lake results in sedimentation issues and water quality deterioration. Rotting leaves in the lake also depletes the oxygen level which affect fish & animals who live in that habitat. Please help keep our lake clean. Our committee still has 17 fish habitats for sale. The lake will be lowered 5 to 7 feet beginning in November. It is a perfect time to get those habitats and put them under your docks while the lake is down. We are selling these habitats for \$25 each. Call me if you want to buy a habitat. While the lake is lower, it is a perfect time to check you dock structure and make necessary repairs. Don't forget to check any electrical lines and equipment on and around your docks and lifts.

Long Range Planning:

Rules and Regulations (John Buskey): The committee met in October to work on the Restrictive Covenants and the decorum issue for the General Rules & Regulations, Volume 1, as requested by the Board. They have considered suggestions from the community and hope to have the covenants presented to the Board in early January.

Unfinished Business: None

New Business:

- Several variance requests were addressed and are as follows: 1) Lot #2823 requested a dock 4' long x 12' wide dig out, 3' deep to accommodate a single 24' long boat slip (5.33 cubic yards). A motion was made by McDulin and seconded by Robinson to approve the request. A yea/nay vote was taken and the motion passed. 2) Lot #2630 requested a dock dig out for two boat slips (12' wide each). Dig outs are irregular in shape due to contour of existing shoreline, but basically are triangular. Maximum of 6 ½' long into the shoreline and minimum of 3' long (approx.. 8 cubic yards). A motion was made by Beard and seconded by Taylor to approve the request. A yea/nay vote was taken and the motion passed. 3) Lot #322, 323 requested a dock 4' long x 12' wide dig out, 3' deep to accommodate a single 24' long boat slip (5.33 cubic yards). A motion was made by Taylor and seconded by Ellis to approve the request. A yea/nay vote was taken and the motion passed. 4) Lot #2062, 2063, 2064 requested a detached garage (32' x 40' to be 22' tall at roof peak. (Current requirements allow for 20' maximum height). A motion was made by McDulin and seconded by Taylor to approve the request. A yea/nay vote was taken and the motion failed.
- Mgr. Cahall introduced the new 50th anniversary apparel. Sweatshirt is \$35, zip-up sweat jacket is \$45 and a t-shirt is \$15. 2XL is available at an additional \$2 charge. Order forms are available with prices, sizes, ect. at the WPOA Office, on Facebook and on the Lake Waynoka website. Payment is due when ordering and you will be notified when they come in.
- Two BYOBs were requested. One for a birthday party at the Lodge and one for Uncorked on Canvas at the Lodge. A motion was made by Beard and seconded by Purdin to approve the request. A yea/nay vote was taken and the motion passed unanimously.
- Motion #314 (*see below under Motions & Resolutions*) was discussed. An Engineer came in to inspect some weepage in the weir wall. While he was here, he inspected the dam and gave a list of suggestions and priorities. He suggested having the bridge inspected first to determine a maximum load rating which will be reported to the State of Ohio to go on their informational areas. This is the first step in a number of things he wanted us to look into.

Motions and Resolutions: Motion #314 was made by Purdin and seconded by Taylor to authorize the expenditure of not more than \$8,000.00 from the Road Capital account for a bridge and load rating inspections on the bridge over the spillway at the main dam. A roll call vote was taken and the motion passed unanimously.

President Bridges called the meeting to order at 7:00 pm.

Roll Call: Present: Beard, Bridges, Buskey, Hagen, LaPlante, Levermore, Redick, Mgr. Cahall,
Absent: Supt. Culver (ex.)

Minutes: A motion was made by Beard and seconded by LaPlante to approve the minutes as emailed. A yeay/nay vote was taken and the motion passed unanimously.

President's Report (Jim Bridges): None

Treasurer's Report (John Buskey):

- ◆ Treasurer Buskey, Mgr. Cahall and Kay Bundy are beginning to work on the WRWSD 2020 budget.
- ◆ Treasurer Buskey and Mgr. Cahall are working on the WPOA and WRWSD contract to separate shared expenses.
- ◆ Amendments to the 2019 budget will be forthcoming for approval from the WRWSD Trustees.

Manager and Plant Superintendent Report (Paul Cahall & Supt. Culver):

- ◆ Divers were on-site to inspect the water tower. Unfortunately, the ladder going into the tower needs to be replaced so the divers could not enter the tower, however, a remote control video device was launched to inspect the condition of the inside of the tower. Mgr. Cahall is expecting the report soon.
- ◆ The office is continually receiving new construction permits. Mgr. Cahall reports that the WRWSD staff has been working hard to make sure the new water and sewer taps are completed on time.
- ◆ The lagoon level is holding steady thanks to the drought. Mgr. Cahall expects to open the lake valve around mid-November. Please remove your boat before this time.
- ◆ Sludge pressing has not begun but is expected to begin within the next few weeks.
- ◆ The contracted dive team will be onsite this week to inspect the main dam's valves and pipes via remote control video.
- ◆ Mgr. Cahall, Supt. Culver and Kay Bundy have been meeting weekly to discuss the water and sewer Reserve Study. They will propose a capital plan to the Board for expenditures and funds needed to complete necessary updates and repairs.

Old Business: None

New Business: None

Board Member Concerns: Trustee LaPlante asked Mgr. Cahall about setting permanent meter reading dates for consistency on the water/sewer billing. Mgr. Cahall replied that right now the meter usage must be launched manually and the cutoff date varies depending on if the beginning/end of the month falls on a weekend. AJ is investigating software applications to see if meter reporting can be programed to automatically download on specific dates.

Motions and Resolutions: None

Executive Session: At 7:22 pm, LaPlante motioned and Levermore seconded to move into Executive Session discuss a personnel issue. A yeay/nay vote was taken and the motion passed unanimously. At 7:49 pm, Levermore motioned and Beard seconded to end the Executive Session. A yeay/nay vote was taken and the motion passed unanimously.

All were in favor and the meeting was adjourned at 7:50pm.

Rhonda J. Maybriar, WRWSD Assistant Recording Secretary

The "'My Water Advisor' guide is on our official Lake Waynoka Facebook page, and on our website, at www.lakewaynoka.com/News-Notices-Lake-Waynoka.htm. There will be two guides, one for the 'My Water Advisor' website, and the other for the 'My Water Advisor' smartphone app.

There is very little difference between the website and smartphone app. It's merely a personal preference on your part as to which one you want to use to view your water meter/s details.

WRWSD Board of Trustees Saturday Meeting – 11/09/19

****With the installation of new electronic meter readers, the WRWSD asks that you and/or your lawn service company be vigilant around the meters when mowing. Also, do not remove the water meter cap as this may disconnect some of the wires from the electronic meter making it unrepairable. Property owners will be responsible for damaged meters and the cost of replacement which is \$266.****

President Bridges called the meeting to order at 9:30am.

Roll Call: Present: Beard, Bridges, Buskey, Hagen, Levermore, Redick, Mgr. Cahall

Absent: LaPlante

Minutes: The minutes of the 10/28/19 WRWSD meeting were read by Prescilla Redick. A motion was made by Beard and seconded by Hagen to approve the minutes as read. A yea/nay vote was taken and the motion passed unanimously.

President's Report (Jim Bridges): None

Treasurer's Report (John Buskey): This month we rolled over the Legal Reserve CD which is presently at about \$17,105 for another year. We rolled over a Sewer Reserve CD of about \$100,000 and added \$100,000 to it so we'll get a better interest rate on the Reserve Funds. House building permits continue to increase so the water and sewer taps and grinder pump income budget has increased and we've also seen an increase in expense because we have to buy more meters and grinder pumps. Around the 1st of December, we will pay \$55,000 in bond payments. Other than that, our income and expense budgets are tracking as expected.

Manager and Plant Superintendent Report (Paul Cahall):

- The investigation into automatic billing software continued and it's now set up to read automatically at the first of the month. If for some reason your meter did not report, it will need to be read manually on the next business day so there may be some variance on your statement. This past month it was only 9 out of over 800 that needed to be read manually. Approximately 98-99% of all meters can be read at any given time.
- Lots of construction still going on. There have been 3 new home permits submitted.
- The valve for the dam is planned to be opened on Friday, November 15th or early the following week.
- We continue to work on the budget and reserve. We expect to have a budget to present at the next Monday night meeting and hopefully a reserve budget to present at the December Monday night meeting.
- Work has been completed on the budget between the WRWSD and the WPOA.

Old Business: None

New Business: None

Motions and Resolutions: A motion was made by Buskey and seconded by Levermore to approve the October 31st financial statement as distributed by email. A yea/nay vote was taken and the motion passed unanimously.

Board Member Concerns: None

Membership Concerns: Bob Rickling asked about replacing the water tower. Mgr. Cahall responded that it does not need to be replaced. The mineral deposits need to be cleaned from the bottom of the tower and it needs to be painted. We are looking at installing a new ladder down into the tower.

Adjournment: The motion to adjourn was made by Beard and seconded by Hagen. All were in favor and the meeting was adjourned at 9:45am.

Message from the General Manager:

~ I and all of the staff want to wish all of our membership a
Merry Christmas and Happy New Year!

Unfortunately, the summer has come to an end and we have to get ready for the winter after a wonderful summer season! There were lots of planned activities, almost every weekend and planning has already started for next summer.

This winter we will be drawing the lake down five to seven feet, so if you need dock work or shoreline work, now is the time to get it done.

If you received a shoreline protection letter, it is just a friendly reminder that your shoreline could use some work. No fines or citations are being issued at this point.

The Maintenance Department has a full plate of projects to work on over the winter. They are hard at work already. We plan to replace the docks at Little Turtle, address shoreline protection on WPOA property and do repairs on the spillway of the dam, just to name a few.
