Lake Advisory (Mike LaPlante):

- The Lake Advisory Committee, based on discussions at the Concerns/Recommendations Team (CRT) meeting on Saturday 24 November, sent out a 10 question recommendation input request. This input request was sent to the CRT and Lake Advisory Committee members. I received responses from 16 of the 31 members. The results of this request were integrated with other analysis/studies we have completed on the CRT. With this information, I developed 11 CRT Recommendations and presented them to the WPOA Trustees at the 7 January 2019 workshop. I asked the WPOA Trustees to review the recommendations and try to have a decision made by the 4 March 2019 WPOA workshop. If recommendations are approved, they must be voted on by the Trustees and added to the appropriate Lake Waynoka Rules and Regs. I.e. General Rules & Regulations, Vol 1 (vellow book) section VII. Lake, paragraph 2. Lake Boating and Fishing Guide. We'll provide more information as it becomes available.
- Our committee still has a limited number of swimmer safe fish habitats for sale. These habitats are meant to be placed under docks to provide food and a safe place for the small fish to survive and grow. We are selling these habitats for \$25 each, or you can purchase them at the below website.

https://www.fishiding.com/swimmer-soft-shallow-water-lake-waynoka-fish-habitat-4-pack/

Long Range Planning Committee (Judy Yanonne/Dave Patton):

- LRPC continued their work with Paul on the budget and Reserve Assessments. Work continues on the Emergency Action Plan in the event of an internal emergency.
- We have a lot of interest in playground equipment, walking paths, and a dog park. None of these are in the budget currently but we have heard that clubs are interested in helping with these projects. We will be reaching out to the clubs in the next month.
- We will also be working on the annual report and goals for the next year.

Rules and Regulations (John Buskey): No report

Unfinished Business: None

New Business:

- Several motions were made (See Motions and Resolutions below)
- Motion #300 (see below) was opened for discussion before the vote. Mgr. Cahall explained the need for dredging at the east end of the lake. He currently has a few bids on the project. Trustee Kitchen, while in favor of dredging, expressed her concern about not allowing the Board to be involved with the contract selection. President Redick explained that dredging falls under lake upkeep within the Blue Book which does not need Board involvement and Mgr. Cahall is very experienced with all aspects of these types of contracts.
- Motion # 301 (see below) was explained before the vote. There is a wait list for the campground. The campground is currently at capacity for what the State will allow based on our number of showers and satellite restrooms. The purpose of this motion is to open up some spots for members wanting to utilize the campground.
- The motion to purchase a WRWSD Bobcat version of a UTV was discussed. The equipment will save manpower and prevent injuries by allowing one employee to remove and install grinder pumps versus the two that are currently needed to carry the heavy grinder to the truck. The UTV will not be as heavy so employees will be able to access your property near the pump and not tear up your yard.

Motions and Resolutions:

A motion was made by Redick and seconded by Crank for a birthday party BYOB at the lounge on February 16th. A yea/nay vote was taken and the motion passed unanimously.

- Motion #298 was made by Robinson and seconded by Johnson to increase the Lake and Dam
 assessment from \$60 to \$70 effective membership year 2019 and continuing indefinitely. A roll call vote
 was taken and the motion passed with seven yeas.
- Motion #299 was made by Crank and seconded by Robinson to accept the proposed 2019 Capital Budget with \$528,000.00 in income and \$463,600.00 in expenses. The Capital Budget includes the following expenses: Roads Improvement \$177,000.00, Campground Improvement \$90,000.00, Improvement Assessment \$140,000.00, and Lake and Dam Improvement \$146,600.00. A roll call vote was taken and the motion passed with seven yeas.
- Motion #300 was made by Robinson and seconded by Redick to direct the General Manager to enter into a contract for hydraulic dredging of the east end of the lake. This project is not to exceed \$150,000 and should remove approximately 8,000 cubic yards of silt. A roll call vote was taken and the motion passed with six yeas and one abstention (Kitchen).
- Motion #301 was made by Yanonne and seconded by Robinson that only members will be permitted to rent permanent campsites in the campground and that the camper on the site must be in the member's name. Guests will be able to rent temporary camping sites only. This will be effective starting camping season 2019. Guest campers that currently have a permanent site will be permitted to keep their current site. A roll call vote was taken and the motion passed with seven yeas.
- A motion was made by Robinson and seconded by Kitchen to allow for the exception of the WRWSD to purchase a UTV for the removal and installation of grinder pumps. A yea/nay vote was taken and the motion passed with six yeas and one nay (Johnson).

- Trustee Robinson invited everyone to the Russellville Fire Department's spaghetti dinner on February 2nd at 5:30pm. Plan to stay for cards afterwards beginning around 7pm.

Adjournment: The motion to adjourn was made by Crank and seconded by Ellis. The motion passed unanimously and the meeting was adjourned at 10:43am.

OHIO BOATERS SAFETY COURSE MARCH 16TH, 2019 LAKE WAYNOKA LODGE

The Waynoka WaterSports Club will be teaching an Ohio Boating Education Course at 8:00 am on Saturday, March 16th at the Lake Waynoka Lodge. Cost of this course is \$5 and can be paid at the door. This course will consist of 8 hours of instruction in a certified class followed by an exam. This year (2019) anybody younger than 37 years of age needs to pass a test certified by the State of Ohio before they can drive any type of boat powered by more than 10hp.

This class and exam will fulfill the Ohio's Boater Education requirement that went into effect in January of 2000 and is administered by the ODNR Division of Watercraft. The law prohibits any person born on or after January 1, 1982, from operating a vessel powered by more than 10HP unless the person has successfully completed either a boating education course approved by the National Association of State Boating Law Administrator (NASBLA) or a proficiency examination approved by ODNR Division of Watercraft.

You can pre-register for the class by calling ODNR Watercraft at 513-734-2730 or Steve Johnson at 937-515-8164. Be sure to reference the date and location for above class. This class is open for any age and not just for Lake Waynoka boaters.

For questions call the instructor Steve Johnson at 937-515-8164 or email smjohnson44@frontier.com.
