President Charlie Beard called the meeting to order at 11:06am.

Roll Call: Present: Beard, Ellis, Taylor, Crank, Redick, Holt, Purdin, Raleigh, VonWahlde, Mgr. Cahall

Minutes:

- ♦ Taylor made a motion and Purdin seconded to approve the 5/9/2020 minutes as printed in the newsletter. A yea/nay vote was taken and the motion passed unanimously.
- ♦ Taylor made a motion and Holt seconded to approve the 5/22/2020 Special Meeting minutes as emailed. A yea/nay vote was taken and the motion passed unanimously.
- ♦ Taylor made a motion and VonWahlde seconded to approve the 4/18/2020 WPOA Annual meeting minutes as emailed. A yea/nay vote was taken and the motion passed unanimously.

President's Report (*Charlie Beard*): None**Treasurer's Report** (*Vern Taylor*):

Operating funds

- ♦ The total operating income for the month of May was \$240,000.00.
- ♦ The total operating expense for the month of May was \$144,000.00 with no unexpected expenses.
- ♦ The operating fund balance at the end of May was \$936,845.82.
- ♦ The operating income for the year at the end of May was \$1,381,000.00 and that is 63% of the plan for 2020. The expected income at the end of May was 65% so the WPOA is 3% under budget.
- ♦ The operating expense for the year at the end of May was \$772,000.00 and that is 36% of the plan for 2020. The expected expense was 39% so we are 3% under budget.

Allocated Assessment Funds

- ♦ The income for allocated operating assessments in May was \$38,000.00.
- ♦ Assessment account expenditures in May totaled \$4,800.00.
- ♦ The balance of all allocated assessment accounts at the end of May was \$652,146.46.

Invested Funds

- ♦ Invested reserves at the end of May totaled \$480,406.58.
- Total cash on hand at the end of May was \$2,069,398.86.

Manager's Report (*Paul Cahall*):

- ♦ At the time of writing this report, we are still in a "stay at home" order from the Governor. The future opening and expanding of association amenities are restricted by those orders. We will expand the use of our amenities when the restrictions are loosened up.
- ♦ I have gotten many questions about why we are not allowing guest to pay to come into the Recreation Center and pools. This is twofold. One, the state is requiring us to track everyone that comes in the facility for tracing purposes. This is easily accomplished by scanning your member or guest green card. Daily guest would have to be tracked on paper. Also, since we are limited on the number of people, we do not want to have to turn away a due paying member because we have too many guests that are using the facility. The black punch cards and red rec center cards will be extended one year since we are not allowing their use at this time. This way those who purchased them will not lose their investment without a chance to use them.
- ♦ Watch the Web Site and Facebook for updates concerning WPOA sponsored and club sponsored events. As these events change or are canceled, this is where we will make those announcements. We are in constant contact with the Brown County Health Department for updates on what we can and cannot do.
- ♦ Paving and road repair has started for the season and should be completed by the end of June. We are budgeted \$200,000 for paving and repair.
- ♦ *The lawsuit filed in Brown County Common Pleas Court. We are currently in negotiations about a possible settlement with a trial date of 1 February 2021. The lawsuit filed in federal court has been put on hold pending the outcome of the criminal case in Brown County Municipal Court.*

Lake Advisory (Todd Holt/Jeff Huseman):

Long Range Planning Committee (Terry Borgman/Steve VonWahlde):

Rules and Regulations (John Buskey/John Barton/Jenny Ellis): In April, the WPOA Administration tried to secure a loan through the Coronavirus Payroll Protection Plan but it was turned down by a bank because the Association does not have stated eligibility to borrow money. Subsequently, the R&R Committee was asked to develop language that would permit the Board to borrow money under certain conditions. After discussions with the Association's attorney, it was determined that such language should be placed in the Restrictive Deed Covenants. The Committee chairs met with the Board of Trustees in a Special Board meeting on Friday, May 22nd to discuss the topic and the Board unanimously approved a set of basic principles to allow the Board to borrow money with specific limitations. That information was forwarded to our attorney, Mr. Jolly, and he was asked to develop specific language for the Covenants. We are awaiting his response. His response will be shared with the R&R Committee and the Board as soon as received. In May, the Board asked the Committee to investigate tightening and expanding the rules on cleaning up property around the lake. The Committee met on June 12th and had a preliminary discussion regarding the existing authority to regulate, possible required changes and some issues regarding enforcement. The Committee expects it will take several weeks to deliver its preliminary conclusions.

Long Range Planning Committee (LRPC) Monthly Report June 2020

- The LRPC met 5/23/2020 to discuss the Lodge, Restaurant and Lounge research study. The WPOA Board asked the committee to be the oversight group.
- The committee is developing an outline of the activities involved in the study. We would like to involve people in the community through the use of focus groups. In the past, there have been surveys (2013) and to ask questions about the community. Survey Monkey was another type of survey conducted in the past.
- The reason this study has been started is the fact that the 5-year plan shows a need to start a remodeling projects 3-4 years from now. The remodeling project could cost a little under \$900,000 over the next 30 years on a 43-year-old building (built in 1977). The question asked “is it worth investing that much money in a building that is functional for the next 30 years”?
- The study will allow community input as to whether we should remodel or build a new structure. We have narrowed the research down to four key areas: 1. The functionality of the existing buildings; 2. The building technical structure and how it functions; 3. The building (s) location; 4. The ability to pay for the structure (s).
- We are researching this idea with an open mind and reporting the results to the WPOA Board. If a decision is made, it may take 2 years to complete the research and inform the Board, one additional year to choose how to finance it and another 1-2 years to build a new structure (s). The question is “will it benefit the community homeowners to keep or increase their home and property values be worth the cost. Lake Waynoka constructed a Recreation Center about 10-15 years ago. The community has attracted more homes and the community has grown in value.

Please contact us if you wish to participate in the study.

Respectfully Submitted,

WRWSD Board of Trustees Saturday Meeting – 6/13/20

President Bridges called the meeting to order at 9:30am.

Roll Call: Present: Beard, Bridges, Buskey, Hagen, LaPlante, Levermore, Redick, Mgr. Cahall

Minutes: The minutes of the 2/24/20 WRWSD meeting were read by Asst. Recording Secretary Maybriar. A motion was made by Beard and seconded by Buskey to approve the minutes as read. A yea/nay vote was taken and the motion passed unanimously.

The minutes of the 4/18/20 WRWSD Annual meeting were read by Asst. Recording Secretary Maybriar. A motion was made by Levermore and seconded by Hagen to approve the 4/18/20 Annual WRWSD meeting minutes as distributed by email. A yea/nay vote was taken and the motion passed unanimously.

President's Report: (Jim Bridges): It's great to be back together.

Treasurer's Report (John Buskey):

- ◆ Treasurer Buskey spoke with attorney Tom Mayes about the Fite-Hauck property. We are currently waiting on the Judge to transfer the property.
- ◆ In May, we received a certification check from Brown County in the amount of \$19,035. We expect to receive another check sometime in August.
- ◆ The profit/loss statement is in good shape as people have been able to pay their fees.
- ◆ There have been 12 new home permits submitted for water and sewer tap installation.

Manager and Plant Superintendent Report (Paul Cahall):

- ◆ There is an open WRWSD position. An advertisement had been posted.
- ◆ Reminder: You cannot bury your grinder pump for any reason. This will cause it to fail and the sewer will back up into your home.
- ◆ We are accepting bids for the water tower repairs. The initial bids have been more than budgeted. Mgr. Cahall is going to reach out to Brown County to see if they have any recommendations.
- ◆ There have been several complaints about midges. The midge eating fish have been hard to come by this year and are on order. In the meantime, chemicals have been ordered to kill the midges.
- ◆ 8 of 14 yard repairs have been completed.

Old Business: None

New Business: None

Motions and Resolutions:

- ◆ A motion was made by Buskey and seconded by LaPlante to approve the May 31st financial statement as distributed by email. A yea/nay vote was taken and the motion passed unanimously.

Board Member Concerns:

- ◆ Trustee Redick complimented the water app from Master Meter in resolving an issue.
- ◆ Trustee LaPlante inquired about the low number of lots available and expanding the sewer plant. Mgr. Cahall explained that the number of homes dictate the sewer capacity, not lots. If current trends continue, we will have to expand the plant in the next few years.

Membership Concerns: None

Adjournment: The motion to adjourn was made by Beard and seconded by Levermore. All were in favor and the meeting was adjourned at 9:50am.

Rhonda J. Maybriar, WRWSD Assistant Recording Secretary
