#### ***Operating funds***

- The total operating income for the month of April was \$293,000.00.
- The total operating expense for the month of April was \$182,000.00 with no unexpected expenses.
- The operating fund balance at the end of April was \$1,327,183.79.
- The operating income for the year at the end of April was \$1,528,000.00 and that is 60% of the plan for 2022. The expected income at the end of April was 59% so we are 1% over budget.
- The operating expense for the year at the end of April was \$761,000.00 and that is 30% of the plan for 2022. The expected expense was 31% so we are 1% under budget.

#### ***Allocated Assessment Funds***

- The income for allocated operating assessments in February was \$191,000.00.
- The income for allocated operating assessments in April was \$75,000.00.
- Assessment account expenditures in April totaled \$31,000.00 for engineering on the dam repair and upcoming Lodge work.
- The balance of all allocated assessment accounts at the end of April was \$1,279,446.96.

#### ***Invested Funds***

### **Manager's Report (Paul Cahall):**

- The spillway repair work will start this month and should be completed by the 11 June. There will be no need to lower the lake for this repair but there may be limited road closures and we will try and keep you apprised of those closures.
- We have released the full 400 grass carp that we had a permit for from ODNR. While this should help with the weed and algae issues, we have seen over the last couple of years it usually takes a full year after release before you see a significant difference from the fish.
- Aqua Doc has started treating the lake weekly and will continue to do so throughout the summer season. We will have them continue into the fall as needed.
- We are in the process upgrading to the rec area bathrooms with a different system and will include painting the inside and repairing the doors.
- Dredging has started again and is scheduled to continue into late October. Please give our barges room to operate they do not stop or turn on a dime.
- We have hired a new Police officer filling all of our positions. This will allow us to have between 10 and 18 hours of police coverage 7 days a week.
- Maintenance is hard at work getting everything including the pools ready for the start of the season.

**Election Inspectors/Nominating (Margi Borgman/Dave Patton/Nan McHugh, Nominating Chairperson):** None.

**Lake Advisory (Todd Holt):** None.

**Long Range Planning Committee (Terry Borgman/Jim Hewes):**

The purpose of this report is to inform the WPOA membership of the recommended strategy for the 2 of 3 Capital Assessment Accounts. The Board needs to recognize the following proposed capital expenditures in the 5-8year proposed capital assessment plan. Next month the lake capital assessment account will be addressed in the same manner. Roads Capital Assessment Account 2022-2026: No board action is required at this time. Improvement capital assessment account 2022-2026: WPOA board action required: The 5 year plan needs review. Expenditure for the lodge exterior walls is in serious need of repair; Lodge and restaurant (\$150k), lounge (\$46k) expenditures for 2024-2025 are in serious need of review if the feasibility study becomes viable. The rec center (\$90k) will be carefully watched as serious expenditures occur in 2023. Carefully considered actions in the 5 year plan period may impact actual and projected savings in the first 12 years. Those projected savings will be eliminated in 2029 and 2030 by increasing expenditures in 2027-2028 and 2029. See income and expenditures charts later in the report. Furthermore, the funds available in 2038 and beyond are also inadequate to meet the future expenditures. The board has the options to consider: do nothing and eliminate expenditures above; Add the recommended assessments; We could advance or delay the listed expenditures; We could reduce expenditures in the 5 year plan to preserve the savings for a longer period (for example: minimize lodge renovation costs) to potentially offset shortfall in 2029/2030.; Table any improvement 2029/2030 decisions until a later time.

**Rules and Regulations (Greg Stover/Pat Raleigh):** None.

**Unfinished Business:** None

**New Business:** Two variances were presented by Pete Levermore. Lot # 3273 asked for two 4' x 12' dock digouts for a double boat slip. Taylor made a motion and Raleigh seconded to approve the variance. A yea/nay vote was taken and the motion passed unanimously. Lot #3205 would like to increase the covered dock roof area to 600sf. Pete stated that other than boat slips, the maximum allowed is 500sf. They also want a variance to install a metal roof even though the house is not a metal roof. Trustee Holt asked if the roofing materials would be the same color and Pete said they would be but they are two different materials. Holt then asked if the board has ever approved this type of variance before and Pete said no. President Beard asked if someone would like to make a motion to approve the variance. No one did and the motion fell to the floor. Motion # 347 and 348 were made. *Please see Motions & Resolutions below.*

**Motions & Resolutions:**

- Motion #347 was made by Raleigh and seconded by Holt to move an additional \$10,000 be added to the capital improvements budget for the maintenance truck purchase. A roll call vote was taken and the motion passed unanimously.
- Motion #348 was made by Raleigh and seconded by Moore to: In Rules and Regulations Volume 2, Section VIII Docks, Item 2 and section VI Boat Covers Item 3 "Driven posts are not permitted" be removed and replaced with the following:
  - a. Driven post can be permitted on dock and dock covers for limited applications
  - b. The pneumatic hammer used must be less than 300lbs and only used on 6" x 6" wood posts.
  - c. All posts on each dock or cover within 3 feet of the shoreline must be dug posts set in concrete.
  - d. Submitted plans must indicate which posts are to be driven if pneumatic hammer is being used.
  - e. Pneumatic hammers can only be used between the hours of 8am and 5pm.

Discussion: Trustee Hewes asked how deep the posts would be driven as it may penetrate the hard pan. Trustee Raleigh said they are driven 11 feet. Mgr. Cahall responded that, using the drilling method, posts are driven into the hard pan at 3' and then concreted in. VP Ellis asked if the dock post plan is submitted with the permit. Cahall said yes, it is the same procedure just a different method. The preferred method is drilling. A roll call vote was taken and the motion passed unanimously.

**Community Organizations:**

- Civic Club – The annual community yard sale is May 21<sup>st</sup> from 8:30-4:30. We had a flower sale from John's Flowers on May 1<sup>st</sup> and made \$500. Thank you to everyone who supported this event. Bingo will be cancelled on May 28<sup>th</sup> due to the Memorial Day holiday and Music on the Green. Treasurer Taylor asked who is supposed to be maintaining the Civic Club Garden at the back gate. Terry Borgman responded that the club paid for the beautification project but the lake is supposed to maintain it.
- Art Club – Please see our list of upcoming activities in the email blast and/or newsletter.
- Shawnee Women's Club – We will be having an ice cream party at the pool on May 27<sup>th</sup> along with a rubber duck regatta. First place wins \$150, second place wins \$100 and third place wins \$50. There are still a few ducks for purchase. Kroger donated the ice cream for the event. Our next meeting is June 1<sup>st</sup> at 10am in the Lodge.

**Board Comments and Concerns:** Trustee Hewes thanked everyone who voted for him.

**Membership Compliments and Concerns:**

- Dennis Staggs – Motion #306 was passed on May 11<sup>th</sup>, 2019 which prohibits a homeowner from having a site in the campground. He was told by the camp manager, overheard Mgr. Cahall talking to someone else and by a Board member that he was grandfathered in. President Beard said the motion was discussed in the Monday night workshop and the majority of the Board agreed to keep the motion as is for this year. VP Ellis said she plans to have the motion revisited later this year. Trustee Hewes would like to have a meeting between the Board and several homeowners with campsites to try to come to a resolution.
- Tim Williamson – He has noticed rocks being thrown into the lake in the cove areas. He asked the Board to consider placing signs prohibiting rock throwing.
- David Wagner – Asked that a few Rumpke cans be placed at the entrance and exit of the rear gate so people can dispose of their trash properly instead of throwing it around the lake or on the back road.
- Pastor Rex Schrolucke – has been praying that the people spreading rumors of wrongdoing will be brought to the light.
- Doris Kitchen – welcomed campers to meeting. Why are campers being asked to leave if they are homeowners? Taylor said that there are many people on the waitlist and 10% of camping sites are people with second sites and/or homeowners
- Jeff Wells – Mr. Wells is one of the homeowners affected by this motion. He was also told that he was grandfathered in when he built his home. Trustee Hewes asked who told him that he was grandfathered. Mr. Wells could not remember. President Beard said that the Board is going to revisit the motion this year and that enforcement of the motion is on hold for now.
- Randy ? – He and family members are campers. They've paid their dues. He would like notice given if they are told to leave or that the fees are going up.
- Jerry Abbatiello – Asked Mgr. Cahall about the \$70,000 budgeted for the campground projects. Cahall responded that the campground committee has not presented any projects to him or the board this year.
- Debbie Kennedy – She has been a camper for a long time. She has noticed that some sites are empty and others are unused. She doesn't understand the need to kick people out that want to camp.

**Adjournment:** The motion to adjourn was made by Taylor and seconded by Raleigh. A yea/nay vote was taken. The motion passed unanimously and the meeting was adjourned at 10:48am.

President P. Levermore called the meeting to order at 6:00 pm.

**Roll Call:** Present: Buskey, LaPlante, P. Levermore, S. Levermore, Moore, Redick, Wales, Mgr. Cahall, Supt. Culver

**Treasurer's Report (S. Levermore):** Treasurer S. Levermore presented Motion #2022-07 (*see Motions below*) to adjust the budget. The Fuel (propane) expense increase from \$3000 to \$5000 is due to an unforeseen increase in the price of propane. The Legal retainer fees are double what they should be because the 2021 bill did not come through until 2022 so we are paying two years of Legal retainer fees in 2022. He explained to the new Trustees that the State Auditor likes us to resolve any budget issues as they arise. There may be several more adjustments made as we go throughout the year to keep the budget balanced.

**Manager and Plant Superintendent Report (Paul Cahall & Supt. Culver):**

- The lagoon valve was closed but is reopened until the end of the week. This will drop the lake about six inches and the lagoon a foot.
- The WRWSD Truck that was budgeted from last year is put on hold again due to little inventory and high prices. The tool truck is scheduled to be replaced next year as well.
- We are still waiting for a pre-engineering report from CT Consultants concerning the sewer plant expansion. We hope to have it for next month's meeting.
- One of the filters is scheduled to be looked at in May for any repairs and to replace the sand.
- We are still waiting for the sewer plant permit from the EPA.
- The water survey is scheduled for May.
- The lab survey is scheduled for Thursday this week.
- We are still waiting for get pricing for the boring tool to allow crews to run pipes under the roadways.
- We received a sewer discharge violation last November when the valve was opened due to high PH and ammonia. This happens every year. Supt. Culver filled out the appropriate paperwork explaining the situation. The EPA representative requested a written plan of what we are going to do to keep it from happening. Supt. Culver presented a few options, such as chemicals, but the EPA will not allow us to use them. Buskey asked Mgr. Cahall to ask CT Consultants if they have any ideas.

**Old Business:** A Water/Sewer plant tour was scheduled for May 17<sup>th</sup> at 2pm for new and current Trustees to look at the facilities so they understand how it works. Buskey will send an email to everyone with a diagram of the plant. Buskey gave an update on where we stand with pricing compared to other facilities in southwest Ohio but the information provided is minimal. Supt. Culver said the EPA is doing an extensive survey with more detailed information such as customers served, prices and inflation among other areas.

**New Business:** None.

Levermore to change the Monday night meeting from May 30<sup>th</sup> to May 23<sup>rd</sup> at 6pm in observance of Memorial Day and the Monday night meeting from December 26<sup>th</sup> to December 12<sup>th</sup> at 6pm for the Christmas holiday. Levermore and seconded by LaPlante to amend the 2022 expense budget from \$1,428,136.00 to \$1,435,736.00 with a difference of \$7,600 adjusting the fuel, legal fee retainers and license/permit/yearly contract expenses. ***What does Lake Waynoka's Destination Park have in common with the Reds Stadium, Music Hall, Contemporary Arts Center, Fountain Square, Krohn Conservatory, and Washington Park?***

We all have been yarn bombed by the Bombshells of Cincinnati working their magic. The Bombshells of Cincinnati came to Lake Waynoka at Destination Park for Arbor Day weekend. The Bombing was arranged by Lake Waynoka Art Club and a memorial tribute to Bob Edwards. The weekend marked the beginning of a new arboretum and annual tree planting at the park. Two trees were planted in loving memorial for Bob Edwards and Mary Raleigh, past members of the Lake Waynoka family.

What is yarn bombing? Yarn bombing is a type of street art that employs colorful displays of knitted yarn, crochet, and fibers. It also brings activity to a space that is usually overlooked or taken for granted. The group of bombers ages 18-70+ are known for their bright installations at museums and parks.

Come out and see their work at Destination Park (displayed at Little Turtle until early July) or check them out on Facebook or Instagram.

Thank you all who helped make this event a success. The Bombshells of Cincinnati have yarn wrapped 10-12 trees in Destination Park. This is a temporary art installation as rain and sun will weather the yarn in a couple months. Make sure you get to see these colorful trees before the yarn wrapping has to come down!

**[BOOK CLUB]: JUDY LEVERMORE~ (908) 619-8849 Email: [sjlever1@gmail.com](mailto:sjlever1@gmail.com):** The Waynoka Book Club meets the 2nd Tuesday of every month at 10:00am in the Lodge Library to discuss a chosen book and hold a short meeting. The book we will discuss on June 14<sup>th</sup> "The Women They Could Not Silence" by Kate Moore. Here is a brief introduction to the book we are going to read: From the author of Radium Girls, Elizabeth Packard (1816-1897), is a true story of an Illinois mother of six who took on the legal system after she was involuntarily committed to the Jacksonville Insane Asylum in 1860 by her husband's request. Her husband of 21 years plots against her because he feels increasingly threatened by Elizabeth's intellect, independence, and unwillingness to stifle her own thoughts. The horrific conditions inside the Illinois State Hospital in Jacksonville, Illinois, are overseen by Dr. Andrew McFarland, a man who will prove to be even more dangerous to Elizabeth than her traitorous husband. **LAKE WAYNOKA BOOK CLUB SCHOLARSHIP:** This year's recipient for the Waynoka Book Club Scholarship Award is Isabelle Barber.
