Manager's Report (Paul Cahall):

- The main valve on the lake has been reopened for the spring lagoon drawdown. It will remain open approximately 2 weeks. It will then be closed until the fall. Depending on the amount of rain we get the lake could drop up to 2 feet during this process.
- I am happy to announce the Lodge and Restaurant are both open again and operating. There was at least a 30-day delay getting this done due to issues between our insurance and the contractor who was supposed to do the job. I would like to thank Marty Chadwell, the maintenance superintendent and his crew, for stepping in and getting this done when the contractors walked off the job so we could open again.
- The Ohio Lake Community Association had its first meeting since the fall of 2019 in first week of April. This was a one-day meeting held at Apple Valley POA to elect new officers plan a full-scale two-day meeting in the fall and round table discussion. I was elected Vice President of the board and will have a brief of the meeting for our board at our next Managers meeting. It is always interesting to hear what other associations like ours are doing along with challenges faced.
- A new lease has been signed between the WPOA and our restaurant operator that keep them with us for at least another year.
- Cleanup after the recent windstorms will continue. If you have limbs that came down during the storm and get them out by the road maintenance will get them for you. Just call Admin and give the location.
- *The Annual Picnic is scheduled for Friday, May 19th from 5:30-8pm in the pool area with doors opening at 5pm. Members must call the WPOA Office to reserve their spot.*
- *The lake valve is open for two weeks to drain the lagoon. We expect to have a 1-2' drop in water so use caution if you have your boat out as there may be some low spots. The lake is no wake during this period.*

Lake Advisory (Todd Holt): None.**Long Range Planning Committee (Terry Borgman/Pat Raleigh):** April 2023 LRPC Report – Monthly WPOA meeting

1. The LRPC provided an Annual 5-Year strategy plan for Capital Assessments to the WPOA Board. The recommendation highlights of the report are noted below.

WPOA 5-Year Capital Assessment Presentation 3 April 2023

Roads

WPOA Board action recommended:

- No action is required at this time, other than reviewing the issues stated above.

WPOA Board action recommended:

- Evaluate the need to extend barge dredging in 2024 from 3 to 6 months and fund as needed.
- Consider a sedimentation control project to be started in 2024 for 3 years (2024-2026) with potential benefit of reducing the need for barge dredging. The cost is not known at this time, and the General Manager will develop a design. and budget estimate in 2023. The WPOA Board will need to authorize funds for a cost estimate for the study.

Improvements

WPOA Board action recommended:

- The Board should consider not spending remodeling funds beyond what is necessary to maintain the Lodge, Restaurant and Lounge in safe operating condition while a remodel/replacement plan is being considered.
- The LRPC recommends that the current Improvements Assessment not be increased at this time.

Additional Opportunities for Board Consideration

The following projects or opportunities have been identified from prior Long Range Plans, community surveys and general feedback:

- Consider exploring ways to address remote control access to the emergency fire/EMS gate on Martin-Alexander Road for faster response time for emergency services to serve the lake and surrounding communities.
 - Evaluate ways to fund improving the lodge, lounge, and restaurant amenities.
 - Determine how to fund the replacement of a track hoe (anticipated in 2028) and other future large equipment replacements with Improvements Assessment fee increases.
 - Consider studying whether an additional boat ramp is needed to meet the growing population of boats at Lake Waynoka.
 - Consider exploring whether more rental docks can be provided to meet demand.
 - Identify community beautification projects or needs which clubs can use to fulfill their community service projects and therefore reduce WPOA costs.
 - Explore ways to fund a community walking trail to provide a place for walking away from Waynoka Drive.
2. At the direction of the board, we continue to work on the Lodge Feasibility Study which is due this spring.

Rules and Regulations (Greg Stover/Pat Raleigh): None.

Campground Committee (Ken Crank/Carrie Paul): Welcome back campers and welcome to Donita Hagen as our new campground manager. The email address for the campground committee is campgroundcommittee@lakewaynoka.com.

Unfinished Business:

- Mgr. Cahall discussed Motion #357 (*below*) stating that it had been several years since the Employee Manual was updated. The Manual explains vacation time, seniority and a host of other policies which is given to employees when they begin work. Attorney John Jolly and the Board have reviewed the Employee Manual revision.
- Vice President Ellis thanked everyone who submitted an application for the open Trustee position. The Board discussed the applications at the workshop and have determined to make a motion to approve Pat Raleigh for the position. (*See Motion #358 below*).

New Business:

- Zoning Chair Pete Levermore presented a variance for a double boat slip dock. *Please see Motions below.*
- There was discussion about Motion #359 (*below*) concerning home, garage and storage building colors. Trustee Holt asked about residences where this has already been completed. Mgr. Cahall said that the permits were approved and it would be up to the Board to make any changes for previous permits.

Motions & Resolutions:

- Motion #357 was made by Taylor and seconded by Raleigh to accept proposed changes to the Personnel Policies and Practices Manual marked Final April 2023 as presented. A roll call vote was taken and the motion passed with 6 yeas and 1 nay (Holt).
- Motion #358 was made by Barton and seconded by Taylor to select Pat Raleigh to fill the open Trustee position through year 2025. A roll call vote was taken and the motion passed unanimously. (*Raleigh will be installed at the 4/15 Annual meeting.*)
- Motion #359 was made by Taylor and seconded by Moore to make the following changes:
 - #1 - in Rules and Regulations Volume 2, section IV Detached Garage, change item 5 to read as follows:
 - a. The sidewalls of the garage shall match the predominant color of the new or existing residence. For residences with different colors on different faces of the house, the proposed colors should be matching on the corresponding faces. A reasonable sized color chip(S) of the proposed detached garage siding shall be provided with the permit along with a

sample of the existing residence color. If the color is determined to not be a good color match to the residence, then the permit can be denied.

- #2 in Rules and Regulations Volume 2, section V Storage Buildings, change item 6 to read as follows:
 - a. The sidewalls of the storage building shall match the predominant color of the new or existing residence. For residences with different colors on different faces of the house, the proposed colors should be matching on the corresponding faces. A reasonable sized color chip(S) of the proposed storage shed shall be provided with the permit along with a sample of the existing residence color. If the color is determined to not be a good color match to the residence, then the permit can be denied. A roll call vote was taken and the motion passed unanimously.
- A motion was made by Ellis and seconded by Raleigh to approve a double boat slip dock variance for lot #717. It is a maximum of 3' deep by 12' wide. A yea/nay vote was taken and the motion passed unanimously.

Community Organizations:

- Pastor Greg Holcomb invited everyone to the Sunrise Service at 7:30am near the Marina. Regular services are at 10am.
- Art Club (Joanne Edwards) – See the newsletter for upcoming events.
- Shawnee Women's Club (Margi Borgman) – Thank you to all the Easter Egg hunt volunteers from those who helped cleanup the area, those who donated money and/or candy and those who worked that day. We had 151 participants. Mark your calendars for May 26th at 6pm for the Rubber Duck Regatta and Ice Cream Social. We welcome all clubs and the campground to set up a table to promote their events.

Board Comments and Concerns: None.

Membership Compliments and Concerns:

- Dave Palmer asked the Board to revisit replacing the outdoor tennis and pickleball court lighting sooner rather than later so they can enjoy playing later.
- Nancee Klein thanked all the clubs for their events, however, she is concerned about the renaming/referral of Little Turtle to Destination Park. Why was it changed and are we setting a precedence to have other public areas renamed by clubs? The community areas represent Lake Waynoka's heritage and should not be changed. VP Ellis said the Board will look into it.
- Dan Walsh asked that other options be explored concerning dock rentals other than a lottery. Perhaps a sign-up list? He wanted clarification on the December \$50 dock hold payment and the \$250 payment in mid-March. Can they be combined? He also suggested having the lottery on a weekend so people do not have to miss work for the drawing. Mgr. Cahall said that the \$50 non-refundable fee is a way to let the WPOA know that you are intending to keep your dock for the coming year. All members, whether new or old, have the same rights to request a dock and the lottery seems to be a fair way for everyone. A signup sheet is logistically not feasible since it may take a member a few days to come to the Office, look at available docks and perhaps go look at a few before deciding. This process would take many weeks. Trustee Barton asked if there are areas where we could build more docks. Mgr. Cahall said no. Trustee Holt suggested the Board look at reconfiguring some of the current docks to create more spaces but that comes at an expense. The Board is looking to clarify and simplify the process and will be holding discussions in the near future. For example, changing the boat rental payment due date to coincide with the member due date of March 31st and holding the lottery on April 15th. Mgr. Cahall added that to qualify for a dock rental, you must be a member in good standing.
- Casey Whitton expressed his concern that the boat safety course was cancelled. Boat safety should be forefront. He also addressed the dam lights vs. the ODNR dusk to dawn no wake mandate. The dam lights may come on early if it becomes cloudy but could be an hour or so before dusk. Mgr. Cahall, Chief Callahan and the Board will discuss Casey's concern and relay the updates, if any, to Water Patrol.
- Terry Borgman asked about the LRPC 5-year plan approval. He emailed the detailed report to Board members and thought a decision would be made today. VP Ellis said the Board will be discussing the plan at the next workshop and address at the May monthly meeting.
- Bob Lipps asked for more information about Motion #359. The reason for the updates is to address homes and buildings that may have 2 or more colors. That is the reason for the samples.
- Joanne Edwards asked the Board to keep the name Destination Park since it is an area within Little Turtle and not a renaming of the entire recreation area.

Adjournment: The motion to adjourn was made by Ellis and seconded by Taylor. A yea/nay vote was taken. All were in favor and the meeting was adjourned at 10:52am.

WRWSD Board of Trustees Monday Meeting – 03/27/2023

President P. Levermore called the meeting to order at 6:00pm.

Roll Call: Present: Armstrong, Buskey, LaPlante, P. Levermore, S. Levermore, Moore, Wales, Mgr. Cahall, Supt. Pike

Minutes: A motion was made by Buskey and seconded by S. Levermore to approve the 3/11/23 Monthly Meeting minutes as distributed. A yea/nay vote was taken and the motion passed unanimously.

President's Report (P. Levermore): Just a reminder that 4/8 is our monthly meeting at 9:30am, 4/15 is the Annual meeting at 7pm and our workshop is on 4/24 at 6pm.

Treasurer's Report (S. Levermore): We are keeping an eye on the budget and will make any adjustments as needed.

Manager and Plant Superintendent Report (Paul Cahall & Supt. Pike):

- There is a new EPA requirement this year requiring an algae treatment permit and certified applicator to treat algae. We received two quotes to treat the plant reservoirs. Mgr. Cahall and Supt. Pike suggested we move forward with the Aqua Doc proposal. The Board agreed and Mgr. Cahall will get an official contract to present for approval.
- Supt. Pike passed out a spreadsheet detailing the fire hydrant locations, which ones that have been flushed and the ones that need to be repaired or have been repaired. He expects to have all fire hydrants flushed and tested by the end of the year.
- The lagoon valve is closed and we plan to open it for two weeks the second week of April. Our PH is still off and additional testing will be performed when the lagoon is lowered. Mgr. Cahall and Supt. Pike discussed options moving forward if the PH is off at that time. The lagoon needs to be dredged and we can look at installing a fountain or bubbler with four aerators to keep the water circulating to help with the PH levels. The Board agreed to continue the research and explore the options in more detail.
- Mgr. Cahall presented the Board with a detailed plant gate report to review. It was quite lengthy, so President P. Levermore asked that the information be sent to the Trustees via email so the Trustees can digest the information and come up with possible format versions of the report they might like to see on a monthly basis in the future.
- Supt. Pike presented a spreadsheet to the Trustees detailing February water loss. Trustee Buskey offered to begin work to modify the spreadsheet to include line items accounting for fire hydrant flushing, campground pipe flushing, any unexpected occurrences such as a house fire, ect. Supt. Pike stated that our system is above average at 10% unaccounted water loss considering other water plants are at a 15% loss. Supt. Pike addressed the plant meter reader. The RFID reader is broken but he is able to manually record it. The Board discussed purchasing a water tower sensor to keep track of how much water is in the tank. The Board asked Mgr. Cahall to proceed with getting an estimate.
- The EPA sent out a notice that there will likely be new, more stringent testing required for all water plants statewide. Details were not provided in the notice so more information will be presented as it is received.
- The changing of the carbon in the filters is scheduled to begin sometime in April.
- We are still looking for personnel to fill the open position.

Old Business: None.

New Business: Trustees Buskey and Wales reviewed and discussed in detail the proposed updates to the WRWSD Bylaws and Rules and Regulations as distributed to the Board by email. There were a few suggested changes and a request for a memorandum. The Board agreed to proceed with sending the revised documents to Attorney Tom Mays for legal review after the proposed changes have been made.

Motions and Resolutions: None.

Board Member Concerns: None.

Adjournment: The motion to adjourn was made by Moore and seconded by Wales. A yea/nay vote was taken. All were in favor and the meeting was adjourned at 7:40pm.

The Art Club's monthly meeting is the First Monday of every month from 10:00 a.m.–12:00 p.m., September – May. Please contact Joanne before guest attending. We will be having a short meeting then a different Art Activity from 10:15 to 12:00. May we will be making paper with Darlene Young in the Lodge once again. This will be our last event for the season as we break for the summer but this is not our last activity! Our Family Uncorked on Canvas will take place on Sunday, May 7, 2023, from 1:00 – 4:00! Tickets for this event will be \$30 for adults and \$15 for children. We will have this event at the Rec Center so we can accommodate more people. We will have a fun warm up exercise for all and then an interactive group activity. All artists will go home with 1 finished piece. Our Adult Easter Egg hunt was a first time success, even with the cold and rain we had about 20 participants who found all but one egg, we believe. Our Arbor Day celebration and planting will take place at Little Turtle's, Destination Park and Arboretum on Arbor Day for the planting, April 28th at 2:00. Three new trees will be planted and an existing one will be dedicated with a plaque. On Saturday, April 29th from 12 – 2, we will be celebrating the event inaugurating the Wind Chime Jacobs Ladder trail, hanging a few chimes given to those who purchased trees. Chimes will also be available to purchase if you would like one. May the art club will be having a garage sale at Little Turtle and we welcome any and all of your donations for that. Contact Joanne Edwards for donations taken at her house beginning of May. We are looking forward to 2023 and new creative ideas such as an ice cream and spirits with green ware painted by you in the fall and a blind golf cart obstacle course in the baseball field on Lake Waynoka Day! Also on Lake Waynoka Day, the art club will have two other events: At a tent in front of the Lounge we will have children draw a portrait of their favorite person, pet or subject to be auctioned off later that day. Half of the auction money will go to the artist and the other half will go to art club. The other event will be rock painting under the feelings tree, writing your feelings on the rocks and we will acrylic spray them. The natural slide has been installed at Destination Park and has been tested by quality control. Proceed at your own risk as mulch is muddy however, we are in the process of putting in steps and putting in a natural swing. Starting in September, our meetings will resume and looking forward to a Solo flower project taught by Mary Costa. We will also offer a new Bob Ross class in September 30, 2023, with new techniques to learn. The art club is in search of officers for the upcoming next club year beginning in September for a two year term. Available positions include Secretary and Treasurer. Thanks to all that participated in Uncorked on Canvas and a special thank you goes out to all those who helped clean up so quickly! Cat was amazed!!! We always welcome suggestions on any new ideas that you would like to create or learn how to do. Please come and share your ideas.
