## WPOA Board of Trustees Saturday Meeting – 2/10/2024

*\*\*Any updates from the Friday email are indicated in **italics** of the summary of each report.*

*\*\*The deadline for submission of information for the monthly newsletter and other media releases is the Tuesday following the WPOA meeting at 4pm. The Office staff appreciates the cooperation of all of the clubs to share the events and activities held at Lake Waynoka.*

President Ellis called the meeting to order at 10:02 am.

President Ellis led the attendees in the Lord's Prayer followed by the Pledge of Allegiance.

**Roll Call:** Present: Bynum, Crank, Ellis, Marck, Moore, Taylor, Mgr. Cahall

Absent: Eads, Raleigh, and Barton. All were excused.

**Minutes:** Crank made a motion and Marck seconded to approve the 1/13/24 WPOA Monthly minutes as printed in the newsletter. A ye/a/nay vote was taken and the motion passed unanimously.

**President's Report (Ellis):** President Ellis introduced two candidates running for Brown County positions wishing to speak to the membership. Chris Hodges is running for Brown County Sherrieff. He has over 25 years of policing experience in Brown County. He has several leadership educational accomplishments including graduating from the FBI Academy. He was interim Sherrieff when Sherrieff Ellis was on military assignment. He would like to carry the momentum forward from the current Sherrieff specifically drug enforcement, working on keeping the department fully staffed, meeting collaborative standards and continuing service to county residents. Tracy Stamper is running for Brown County Treasurer. She has 9 years of experience and is currently the Chief Deputy to Treasurer Connie Patrick. Mgr. Cahall asked about plans to be more aggressive in selling Lake Waynoka lots at auction for back taxes. She said it will take several years to accomplish this as they can only auction 100 lots per year. Vice President Taylor reiterated the need for lot sales as the unpayment of dues/fees is costing the lake a lot of money in missed revenue.

### **Treasurer's Report (Barton):**

#### **Operating funds**

- January total operating income was \$164,000.
- January total operating expenses were \$203,000.00 with no unexpected expenses.
- Operating fund balance at the end of January was \$402,037.70.
- Operating income for the year at the end of January was \$164,000.00. That is 5% of the plan for 2024. Expected income at the end of January was 5% so right on budget.
- Operating expense for the year at the end of January was \$203,000.00. That is 7% of the plan for 2024. Expected expense at the end of January was 8% so 1% under budget.

#### **Allocated Assessment Funds**

- Income for allocated operating assessments in January was \$54,000.00.
- Assessment account expenditures in January totaled \$34,000.00 for Marina dock project.
- Balance of all allocated assessment accounts at the end of January was \$1,026,390.60.

#### **Invested Funds**

- Invested Reserves at the end of January totaled \$524,710.36.
- Total cash on hand at the end of January was \$1,953,138.66.

### **Manager's Report (Paul Cahall):**

- \* During the recent snow event I received several questions about our policy and procedures for snow removal. So I thought I would address the most common questions here.
  - Why do they start with Waynoka Dr.? We always start with the most traveled roads first and work out from there.
  - Why don't they put down salt on all the roads like the county does, are we out of money?  
Our policy is we salt the entrances, exits, intersections and sharp curves. This has nothing to do with cost but has everything to do with reducing the amount of salt that ends up in the lake from the runoff.
  - Do we have enough equipment to deal with the snow? Maintenance has 4 trucks with snowplows. Two are equipped with salt spreaders and there is a building for storage of salt.
- \* The valve on the dam is still open and will remain open until the 15th of February as normal for dock work and avoiding ice damage.
- \* I have been working with the WRWSD to come up with a plan to reduce the amount of water released from the main lake during the April draining of the lagoon in case we run into another very dry spring. We have a plan in place that should reduce the amount of water drained from the main lake by half this year. We must do this spring draining in order to have enough holding capacity to make it to November when we can drain again.

- \* Most of the dock work scheduled for the WPOA has been completed with only touch up item to complete. There are 3 new concrete fueling docks at the marina along with a complete replacement of the rest of the wooden docks there. We have also completed an extensive rehab of the docks at Red Cloud.
- \* Tree trimming and tree removal project in the campground has been started and should be completed in the next couple of weeks.
- \* We plan to close the lake valve on February 15th to allow the lake to fill up. I have been working with the WRWSD on a plan to reopen the valve in April to drain the lagoon but at a slower rate.

**Lake Advisory (T. Redick/Jim Marck):** Report January 13, 2023: Current Ohio boating law requires that all persons operating watercraft in Ohio born after January 1, 1982, complete an approved NASBLA- approved boater education course. In addition to this, The Lake Advisory Committee has recommended that anyone operating a watercraft on Lake Waynoka should have completed an Ohio-approved boater education course. There are a variety of options available in taking and passing an approved boating education course (classroom, online, or home study), or by taking and passing a proficiency exam. The options range in price (starting at free) and the amount of time required to complete. Information for each of these methods is provided below. Classroom: In 2024, certified instructors will offer classroom training at the Lake Waynoka Lodge building on Saturday, March 16 and Saturday, April 20, beginning at 8am. Classroom courses are scheduled for 8 hours, and registration is required. Boating education specific to Lake Waynoka is also discussed in these sessions. There is no cost for this class. You may register by calling the WPOA office. Other NASBLA-approved classroom courses are available in Ohio. They are developed by ODNR and other volunteer organizations. Some are scheduled all in one day (typically Saturdays); some are stretched out over several sessions (usually in the evenings). Most classes are listed on the ODNR website at: <https://ohiodnr.gov/discover-and-learn/education-training/boater-education-skills> Online: Ohio will accept any certificate or card (including those from another state or U.S. territory) if it shows your name, address, date of birth and the NASBLA logo with language that indicates the course was approved by National Association of State Boating Law Administrators and the U.S. Coast Guard. Upon successful completion of an approved on-line boater education course, the course provider will issue a certificate and/or card. A temporary or permanent certificate is available immediately to download or print upon completion of an on-line course. If the provider also mails a plastic card, expect the card to arrive within 3-5 weeks. If you primarily boat in Ohio, we recommend that you take a course that contains laws and rules specific to Ohio. Approved Ohio on-line course providers include: AceBoater.com, Boat-Ed.com, BoaterExam.com, BoatSmartExam.com. BoatUS.org (free with printable certificate, customer pays small fee for plastic card), [www.ilearntoboat.com](http://www.ilearntoboat.com) (an interactive on-line course). On-line courses for other states or U.S. territories can be found at [www.nasbla.com](http://www.nasbla.com) or by calling 1-800-830-2268. Telephone support is available 9am to 9pm Central Standard time. Home Study: A home study packet includes a coursebook, an Ohio Boater's Operator's Guide, a workbook, and a student test. You study, fill out the workbook, and take the test at your own pace. Then you mail in (or bring in) the completed workbook and test. Your work is checked, and the test graded. If you pass, you'll get your education card in the mail within 3-5 weeks. If you fail, we'll let you know not to expect a card. The Home Study course uses the same coursebook as the Ohio Boating Education Course (classroom). Home study packets may be ordered at: <https://ohiodnr.gov/discover-and-learn/education-training/boater-education-skills/1-meeting-boater-ed-requirements>. Proficiency Exam: This option is recommended for knowledgeable boaters. The proficiency exam is available by appointment from any Watercraft Office and takes about an hour. There is no fee to take the proficiency exam. The test is like the test taken at the end of a classroom boating course. No reference materials are permitted, and you must pass the test with a score of 70%. If you are not familiar with laws like the Mandatory Boater Education law in Ohio, you may not have the level of knowledge required to pass this test. Contact the Watercraft Office nearest you to schedule your exam appointment. A question was asked to clarify who needs to complete this course. President Ellis said Motion #374 requires the owner of the boat to complete the boater safety course before they will be able to register their boat beginning April 1st, 2025. All boaters born after January 1st, 1982 are required by State law to receive this training.

**Long Range Planning Committee (Terry Borgman/Pat Raleigh):** 1. The LRPC and General Manager are in the process of reviewing potential projects for the coming 5 years. These projects are tentatively placed in the 5-year plan and are not approved until the Board approves an annual budget in January of the upcoming year. The 5-year plan will be presented to the WPOA Board by April 1st in the LRPC Annual Report. 2. Many WPOA members would like to contribute suggestions to improve the community. The Board and the LRPC are developing a process to submit these ideas in a more formal manner. Stay tuned for more information.

#### **Board Comments and Concerns:** None

#### **Membership Compliments and Concerns:**

- Gordon Ellis announced that he is running for Brown County Commissioner. He explained that there are 3 Commissioners in the County and they approve the annual budget. They are charged to provide administrative support, maintenance of County facilities and move economic development forward, among other duties.
- Dave Palmer addressed the need for moving up the pickleball court resurfacing. There are many cracks. Mgr. Cahall said he inspected the cracks and will have maintenance address those in the coming weeks.
- Jim Engle spoke of our current Rules & Regulations concerning unkempt properties. He looked up information about several abandoned boats on lots and was able to find the current owner's information which he sent in an email to the Board. He would like to see a letter sent to the owners to have the boats removed as it is a violation. Mgr. Cahall said they are in the process of implementing a Code enforcement change. Mr. Engle asked for a follow-up of the possibility of a WPOA boat/trailer parking area as was discussed in last month's meeting. Mgr. Cahall and President Ellis said they have explored WPOA owned properties and there are no current lots that will work. We are discussing expanding the Campground boat lot.
- Doris Kitchen emphasized the importance of lake patrol and would like to see it increased this year for everyone's safety. She presented her concerns about the number of lots vs. the number of members in good standing. How can we begin recuperating this lost revenue? We need to start placing liens and ramping up collections.
- Kenny Meris asked about the increased assessments when we have over \$500,000 in the bank. Secretary Crank stated that the Board does not have the ability to borrow money so we have to keep increasing assessments in the event of unexpected repairs or emergencies. Crank said the assessments effect every Board member's pocketbook and they do not like to increase dues/assessments. President Ellis said the Board is charged with maintaining amenities and other items amid inflation. There are many costs that are made behind the scenes that members do not realize, for example, repairing the dam weir wall. That project cost \$150,000 and had to be done per the ODNR. The Board takes its fiduciary responsibilities seriously.
- Chris Lane said Lake Waynoka is a business and should be run as such. He would like to see a line of credit established for the Board to use that could possibly offset yearly increases. As it stands now, we have to front load (save) everything like saving to replace Waynoka Drive. Many members are paying towards it but may not see it come to fruition as costs keep going up each year. The Board needs to have the ability to borrow money.

**Executive Session:**

- At 10:52am, Moore made a motion and Taylor seconded to go into Executive session to discuss a legal matter. A ye/nay was taken and the motion was approved.
- At 10:58am, Taylor made a motion and Crank seconded to exit Executive session. A ye/nay was taken and the motion was approved.

**Adjournment:** The motion to adjourn was made by Taylor and seconded by Crank. A ye/nay vote was taken. All were in favor and the meeting was adjourned at 10:59pm.

We spoke with our Attorney, Tom Mayes, and the way the WRWSD bylaws are written, we cannot officially announce or begin accepting applications for the position until Buskey's term ends on April 20th. President P. Levermore asked Buskey and Wales to review the bylaws and present modifications, as necessary, so we can fill positions right away.

There is an educational webinar opportunity with Ohio Rural Water focusing on water and sewer rate management. It is on January 31st. No one is able to attend due to the short notice.

**Manager and Plant Superintendent Report (Paul Cahall):**

- Spring lagoon plan – We plan to open the lake valve the first week in April to drain the lagoon. We will not open the valve as much since the lagoon not as full this year. Supt. Pike will be testing the water downstream to make sure we are meeting our 10:1 ratio. The valve may be adjusted depending on the test results.
- Sewer Expansion – Mgr. Cahall and Trustee Buskey will be meeting with the USDA in March to gather information concerning the sewer plant expansion and report the findings to the Board at the March workshop.
- Safety Audit – Kim Lamb and Supt. Pike have been hard at work on OSHA requirements. They have placed signs, updated the SDS, identified hazards and held in-services for the staff. They have identified a list of things that need to be purchased and approached the Board for approval.
- The new Track hoe has arrived and is being put to use. It has performed well for boring.
- There was ice damage to drive unit of the clarifier which monitors turbidity. The replacement part has been ordered and we hope to have it fixed later this week.
- The OEPA wrote an email to Mgr. Cahall and Supt. Pike stating that all violations in the past few years have been resolved and commended their hard work.
- The water report shows water loss a little higher than usual. Supt. Pike stated that they fixed a broken fire hydrant which needed to be flushed several times and this likely caused the increase.
- The Ohio Revised Code prohibits sump pumps to drain into sewer lines. Several homes in our community are in violation. Supt. Pike said it is hard to trace but they have identified one home. Per WRWSD bylaws, an official letter will be sent to the home owner letting them know of the violation and a timeline for the issue to be corrected.
- Trustee Buskey noted that we currently have 968 taps within Lake Waynoka.

The April 20, 2024, Ohio approved boater education course has been **CANCELED**. There will be another course scheduled as soon as possible. The March 16th course is still available, and you may sign up by calling the administration office. The courses offered by the lake are free and will help insure that our boat owners are compliant with the motion that was recently passed.

Motion #374: Boater Education Effective April 1, 2025, all boat owners shall present evidence of having successfully completed an Ohio State-approved Boater Education course when registering watercraft to be operated on Lake Waynoka. A roll call vote was taken and the motion passed unanimously.

It is also required for anyone born after Jan 1, 1982 to have passed the course to be able to operate a watercraft in the state of Ohio.

January 13, 2023: Current Ohio boating law requires that all persons operating watercraft in Ohio born after January 1, 1982, complete an approved NASBLA- approved boater education course.

There are a variety of options available in taking and passing an approved boating education course (classroom, online, or home study), or by taking and passing a proficiency exam.

Please keep on eye out for the new class date on our Facebook page.

## *Lake Waynoka* *KINDRED SPIRIT Mailbox*

A new addition to Destination Park from the Lake Waynoka Book Club. The Kindness Tree Mailbox at Destination Park has transitioned to the *KINDRED SPIRIT* Mailbox.

Notes that were on the Kindness Tree have been removed and the mailbox which housed blank cards is now empty.

Weather really made it difficult for the Art Club to maintain The Kindness Tree notes, but to keep the spirit of The Kindness Tree alive

the Lake Waynoka Book Club is excited to introduce the *KINDRED SPIRIT* Mailbox.

Located at a peaceful spot of destination park...a mailbox with a bench next to it. In the mailbox, you'll find a journal, sit on the bench and take time to pen your inmost thoughts. More than just a receptacle for pieces of paper

the *KINDRED SPIRIT* mailbox will hold the wishes, thoughts, prayers and dreams of many who bear their soul and draw comfort from the act of doing so.

It's a place where you may find a unique and shared energy.

The *KINDRED SPIRIT* Mailbox is located near the sandbox in Destination Park.

The mysterious mailbox is the inspiration behind Nicholas Sparks latest novel, "Every breath". The original Kindred Spirit Mailbox is located on Bird Island, Sunset Beach NC.

Betty Purdin  
(Historian)

In the past few months people at Lake Waynoka have become interested in the old cemetery that is located at the storage area in Lake Waynoka. The following is a brief account: LW. Robinson and his wife Mary are officially the first residence of Lake Waynoka.

Mr. Robinson was born 1750 and died 1815. They moved from Virginia, to Kentucky and eventually to Ohio. They came up straight creek and settled in Franklin TWP. Robinson and his wife Mary had 19 children, 15 of the children lived. Mr. Robinson served in the Militia and showed up for drills. Mary Robinson was the daughter of captain of the than famous Prickett Fort. Mr. Robinson and wife Mary plus four of their children are buried in the small fenced in lot at Lake Waynoka; storage area. Claence and son Kenneth Kieffer and descendants of the Robinson family.

Closed on Thanksgiving, Christmas,  
New Years, and Easter.
